## Summary of Expenses

**Bank Service Charges** These charges are necessary to maintain our community's financial accounts and ensure that transactions are processed efficiently.

**Software - Security** This advanced software provides industry-leading threat monitoring and auto features, ensuring unparalleled protection against various potential security threats.

**Software - Discord** This provides additional features to our servers, enabling us to offer a better user experience to our community members.

**Software - Creative** This category includes creative software for enhancing our digital content and community engagement.

**Domains - Hosting** These expenses cover the cost of providing our sites and services, which are essential to maintaining our online presence and brand identity

# Ahrism1 2024 Q1 Report

**Professional Fees** These fees cover the cost of licensing and creating high-quality emotes that enhance our community members' user experience and engagement.

**Prizes** We provide these funds as prizes to encourage active participation among our community members.

**Marketing** This category includes commercial advertising, partner expenses, and expenses incurred for promotional materials.

## Conclusion

The first quarter of 2024 has been a period of significant enhancement and growth for Ahrism1. Our investments in advanced security technologies, including the integration of an automatic neural engine with AI image scanning capabilities, have fortified our community against digital threats and inappropriate content, ensuring a safer and more engaging environment for our members. The acquisition of AI characters with unlimited lifetime access has not only augmented the interactive experience within our Discord servers but has also introduced novel ways for members to engage with their favorite characters like Ahri and K/DA. Additionally, by boosting our servers and updating our digital assets with new animated emotes, we have enriched the user experience, fostering greater community participation and enthusiasm. These strategic expenditures have not only enhanced the operational capabilities of Ahrism1 but have also set a robust foundation for sustained growth and member satisfaction in the upcoming quarters.
